Forum Moderators

Forum Moderators are the neighborhood watch of the 99designs community. We recommend that all of our Top Level designers take time to explore the Designer Forum as a Forum Moderator so they can better understand the needs of the greater 99designs community.

Forum Moderators are granted access to the following:

- A direct line of communication with 99d staff
- Private Forum Moderators forum

About Forum Moderators

Forum Moderators volunteer to moderate the forum for periods of one quarter (3 months) at a time, and a minimum of 5 moderators must be active each quarter.

The responsibilities of a Forum Moderator include, but are not limited to:

- quickly catching and closing problematic topics
- deleting inappropriate and offensive comments
- managing flags and warning users who violate Forum guidelines
- tagging 99d staff where attention is needed
